

Ibtihel Kadache

AI Engineer | Information Systems and Software Engineering

Batna, Algeria | +213 666 42 04 08 | ibtihel.kadache@gmail.com | linkedin.com/in/ibtihel-kadache

Professional Profile

Recent graduate in Artificial Intelligence, holding a Master's Degree in Artificial Intelligence and Multimedia from the University of Batna 2 (Excellent Distinction) and a Bachelor's Degree in Information Systems and Software Engineering. Strong technical foundation in Machine Learning, Deep Learning, Computer Vision, Natural Language Processing, Operations Research, and Optimization. Experienced in designing AI-driven solutions that support data-driven decision-making across industry, healthcare, and IT. Combines analytical rigor, programming expertise, and operations-research knowledge to deliver innovative solutions. Hard-working, detail-oriented, and reliable under deadline pressure, with a strong interest in contributing to the Oil Gas , and Technology sectors.

Education

Master's Degree in Artificial Intelligence and Multimedia 2025 – 2026

University of Batna 2 | Excellent Distinction

Master Thesis: *Toward an Intelligent Operational Research Approach Applied in Industry, Healthcare and IT Fields*

Bachelor's Degree in Information Systems and Software Engineering 2023 – 2024

University of Batna 2

Technical Skills

Artificial Intelligence	Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Large Language Models , Transformers
Optimization & OR	Linear Programming, Integer Programming, Resource Allocation, Decision Support Systems, Operations Research
Programming	Python, SQL
Frameworks & Libraries	TensorFlow, Scikit-Learn, OpenCV , Numpy ,NLTK , spacy ,Matplotlib
Tools & Software	LaTeX, Microsoft Office, PowerPoint

Key Project

$O^2P_{NL}(X)$ – Intelligent Operational Research Platform Master Graduation Project

- Designed and developed an AI-based platform capable of understanding optimization problems described in natural language.
- Generated optimal solutions for industrial, healthcare, and IT use cases.
- Currently progressing toward a "Label Startup Algérie" (Law n° 23-11) to bring the platform to market.

Professional Experience

Information Technology Intern 2023 – 2024

Algérie Télécom

- Contributed to IT infrastructure and information-system support activities.
- Assisted with network operations and technical support tasks.
- Gained exposure to telecommunication service-management processes.
- Collaborated with technical teams to diagnose and resolve operational issues.

Core Competencies

Analytical Thinking | Problem-Solving | Team Collaboration | Attention to Details | Continuous Learning

Certifications & Achievements

- Entrepreneurship Training Certificate (21 Days) – Centre de Développement de l'Entrepreneuriat (CDE UNIV OF BATNA 2): Innovation, Business Planning, Entrepreneurship, Project Development.
- Participant, National University-Industry Forum 2026 – connecting universities, industry partners, researchers, and employers.
- Master's Degree awarded with Excellent Distinction (19.75 /20).
- Bachelor's degree awarded with Good Distinction (17.5 /20).
